

Disclaimer

All views and reviews about books are very personal. I own the books, or check them out from the library or they are a gift. In an event an author provides me with a book to read and review, it will be mentioned in the post but the opinion about the book will still be mine.

All the photographs that are not credited are taken by me. I do my best to give credits to photographers, stylists and vendors who help me create my content sometimes. In case there is no credit, the style/ photography/ content is mine or I may have been human and made a mistake. If you find any work that is not credited appropriately, please do contact me and I will fix that in timely manner.
